

MR. DAHLE HAS ISSUED A DEFI

Notifies La Follette Outfit He is a Candidate for Renomination.

HIS FRIENDS RALLY

Dairy and Food Commissioner Adams in the Congressional Race to Stay.

T. H. GILL AS SENATOR

Milwaukee, Wis., April 30.—Advice from Washington last night report Representative Dahle as saying: "I have just received letters from friends in the state urging me to make a statement, and I wish to announce that I am a candidate for the nomination for congress in the Second district; that I hope to have the support of the people in the district who have supported me in the past."

Beyond this Mr. Dahle would make no statement at this time. It is known, however, that he is actively engaged investigating the situation in regard to the withdrawal of support by the LaFollette managers in the district in the interests of candidate W. C. Leitch, and that in due season he will have his say in a formal way on that subject.

Mr. Dahle has received urgent letters and telegrams from leading friends of his in the state, representative Scandinavians and editors of newspapers urging him to resent the treatment he has received at the hands of the managers of the governor's machine in the district and pledging him support if he will announce that he is still a candidate for a renomination.

Scandinavians Will Fight Madison, Wis., April 30.—Professor Rasmus B. Anderson, editor of the Norwegian newspaper, *Amerika*, last night received the following telegram from Congressman H. B. Dahle of this district, who is now at Washington:

"I hereby authorize you to announce my candidacy for renomination as member of congress."

Professor Anderson said that the American would warmly support Mr. Dahle. Announcement of Mr. Dahle's candidacy will be made in the next issue of that paper which comes out Friday.

Adams Feels Hopeful Milwaukee, Wis., April 30.—Dairy and Food Commissioner H. C. Adams of Madison is in the city and yesterday was busy greeting his friends and acquaintances. He feels reasonably confident of success in his candidacy for congress in the Second Congressional district. He has visited parts of the district and has received assurances of hearty support. Although his resignation was given to the governor some time ago, no action to fill the place has been taken. It is thought, however, that a new commissioner will be appointed some time this week.

Proposes Candidate for Senator LaCrosse, Wis., April 30.—The Chronicle, having reached the conclusion that Senator Spooner has no intention of withdrawing his letter of declination to be a candidate for re-election, today brings out a candidate of its own. It presents Thomas H. Gill of Madison.

Engineer Dies at His Post Toledo, O., April 30.—Clement Harper, an engineer on a northbound train on the Cincinnati, Hamilton and Dayton railroad, was rendered unconscious while running his engine. The fireman knew nothing of his condition until Harper failed to whistle for a crossing. It is believed he was struck by a mail crane.

FITZSIMMONS PUT ON HIS METTLE; WANTS TO DEFEAT JIM JEFFRIES

The Cornishman Reiterates the "Pope" Story, and Vehemently Asserts That He Was Drugged in the Last Fight—Bout in Early June.

New York, April 30.—Fitzsimmons, the ex-champion is packing his trunks and expects to leave within a few days for California, where he is to fight Champion Jeffries. In discussing his hopes and plans he said: "I am going straight through to California. Just as sure as I ever come back to my home and to my family I will come as champion of the world. I don't care a rap for the impression I make in saying this. I know that no beaten man is ever supposed to make an excuse, but I know that I was drugged when I fought Jeffries before. I do not accuse him. He may not have known about it all—and I believe he did not—but what I know I know."

"Why, Jeffries could not whip Sharkey. What did I do to Sharkey? He could not put Ruhlman out. What did I do to Ruhlman?"

"I am as sure of beating Jeffries this time as I am that I raked this walk over this morning. I will put up a better fight than I ever put up before in my life. I am stronger, heavier and as full of endurance. I am near 40 years old. What is that

EPISCOPAL BISHOPS ASSEMBLE AT DENVER

Prepare to Participate in the Elevation of Rev. Charles S. Olmstead to Colorado Bishopric.

Denver, Col., April 30.—The bishops of the Episcopal church who are to participate in the ceremonies attending the consecration of Rev. Charles S. Olmstead as bishop of the diocese of Colorado began to arrive last evening. The consecration will take place at St. John's cathedral in this city on Thursday next. Among the visiting bishops will be Bishop Coadjutor Williams of Nebraska, Bishop Coadjutor Anderson of Chicago, Bishop Morrison of Iowa, Bishop Kinsolving of Texas, Bishop Hare of South Dakota, Bishop Johnston of San Antonio, Tex.; Bishop Brown of Arkansas, Bishop Coleman of Delaware, Bishop Tuttle of Missouri and Bishop Grafton of Fond du Lac, Wis.

Fire Damage at Gratiot, Wis. Gratiot, Wis., April 30.—Five buildings were destroyed and several others damaged by a fire here. The loss is estimated at \$15,000, partly covered by insurance.

Negro Hanged for Wife Murder. Philadelphia, Pa., April 30.—Albert Smith, a negro, was hanged in the county prison for the murder of his wife. The murder was prompted by jealousy.

DOUBLE TRACKING THEIR MAIN LINE

Many Millions Being Spent by the Northwestern Road in Improving Their Road Bed.

Announcement was made by the management of the Northwestern yesterday that the double tracking of the main line between Chicago and Council Bluffs had been completed so far as the laying of rails is concerned. The work of walling the new track is progressing fast and will be completed within a week or two.

The company is already using various portions of the double track, and will within a few weeks have it all in operation. The completion of the work marks another stage in one of the largest betterment plans ever carried to completion. The work is part of a general plan on the part of the Northwestern, the Union Pacific and the Southern Pacific to make a line between Chicago and the Pacific coast that will be as good as money can make it.

The ultimate objects are to reduce materially the cost of operation by increasing train loads and the elimination of at least twelve hours in transcontinental travel. The work is an adjunct of the \$15,000,000 that is being spent by the Union Pacific and of \$30,000,000 that is being expended by the Southern Pacific from Ogden to the coast. The Northwestern's work between Chicago and the river cost at least \$10,000,000, bringing the total to about \$55,000,000. The Northwestern is the first road to complete a double track between Chicago and the Missouri river.

RAID FISHERMEN ON KOSHKONONG

Tony Brown, Two Barrels of Fish and Two Hundred Feet of Line Taken by the Game Wardens.

Madison, Wis., April 30.—(Special)—In a raid on illegal fishermen at Lake Koshkonong last night deputy game wardens, Peter Drafiel, Graetz and Volbrecht, captured Tony Brown, two barrels of fish and two hundred feet of seine. Brown was brought here today under arrest.

New York, April 30.—The stock tickers today carried a London dispatch saying that Delany and three Boer commandoes have surrendered.

GIRLS FIGHT FOR THEIR LIVES; AN AWFUL HORROR IN A FACTORY

Alarm of Fire Stampedes About 1,000 Young Women, and They Bite and Scratch Each Other in a Fearful Manner—About Ten Dead.

Philadelphia, April 30.—A frightful panic was caused here at noon today in the cigar factory of the Harburger and Homan by a cry of "fire." A thousand female employees were thrown into a frenzy and made a frantic effort to escape. They were piled six and seven deep in the narrow stairways fighting each other and tramping to death those underneath. One sprang from a window and was killed.

The list of the dead at two o'clock was placed at 7 with about twenty injured. It is expected that the number of dead will reach at least ten. The scene on the stairway where the girls were trying to escape was indescribable. They bit one another's arms and faces and tore the hair from each other's heads.

After the panic was over it was learned that there was no fire. It was discovered that the horror was due to a singular incident—a boy had his finger caught in an elevator and screamed—one of the girls set up a cry and yelled "fire."

The employees of the Schuykill Co., which occupy the first floor of the building tried to stem the human tide but were fought by the maddened girls, some of the men being badly bitten.

The stairs have windows protected by iron and wooden bars, these bars were covered with blood and pieces of finger nails torn from hands seeking a way to safety.

WILL SHOW MIGHT OF THE TOILER; ALL LABOR TO REST FOR ONE DAY

Will Abandon Work May 17—Mother Jones Starts Idea—Desires To Impress on Capital the Latest Strength of the Workingman.

Chicago, April 30.—Inspired by "Mother" Jones the friend and adviser of the Pennsylvania and West Virginia miners in their frequent troubles, a secret movement among the union workingmen of the country has been started which seems to indicate that on May 17 a demonstration of the laboring man's power is to be made. On that day, under the plan, no union labor man in the United States will work.

It is known that in Chicago prominent labor leaders have been endeavoring to bring the rank and file to adopt "Mother" Jones' plan, and that the scheme is being received with favor. The woman who seeks at this period of "trust" talk and denunciation to have labor make known in this tremendous fashion its united strength is herself working among the rugged miners of the Kanawha and New River districts in West Virginia.

She is preaching to them, it was reported last night, the remarkable impress they can make upon the world of capital and upon those who direct or legislate by refusing to work for one day.

For many days—or since the agitation against the so-called beef trust was begun—Mary Jones has been seeking to further this new project. Her power among the forceful fellows who control the union miners of the country enabled her to get the plan sealed with approval at the outset.

Labor chiefs in Chicago said that if "Mother" Jones wants the miners to stop work for one day, everyone can rest assured that the miners will do so; that will mean at least 150,000 workmen refusing to use the pick and shovel, and their influence and example cannot be estimated, but it is great.

From Charleston, Kanawha county, W. Va., came a telegram declaring that:

"Mother" Jones says the meetings of all labor organizations all over the country have heard this question discussed most seriously, and thus far all replies received have been favorable.

HENRY CLAY EVANS CONSUL AT LONDON

Commissioner of Pensions Has Been Promoted to a \$30,000 Per Year Job—Has a Splendid Record.

New York, April 30.—Henry Clay Evans, Commissioner of Pensions has been promoted to the most lucrative post in the foreign service of the United States. He is to be appointed Consul General at London to succeed William McKinley Osborne, cousin of President McKinley, whose death was announced yesterday. When the President decided to relieve Commissioner Evans he commended the Tennessee statesman in the highest possible manner for his honest and independent management of the Pension office.

Mr. Evans will go out of office as Commissioner of Pensions with a splendid record. He executed the law as he found it, and none of his decisions has ever been questioned seriously. A fight has begun on him almost from the day he took office, largely if not entirely because he was opposed to the rapacious pension sharks who bleed the government and the old soldiers with little distinction.

He made things unpleasant for them about the bureau, cut down their fees, and sent a few rapacious scoundrels to jail. The whole tribe immediately turned upon him and started a warfare in several old veteran papers controlled by pension attorneys and was carried into the Grand Army of the Republic.

The position of Consul General at London pays a salary of \$5,000 notional fees, which amounted last year to \$8,337 and other fees which bring the total compensation up to \$30,000.

A WOMAN IN POLITICS

Miss Julia Rockerfellow of Waukesha, a Candidate for School Superintendent.

Waukesha, Wis., April 30.—Miss Julia Rockerfellow, who has been an instructor in the Waukesha High school for five years, has announced her candidacy for the nomination on the republican ticket for county superintendent of schools. Miss Rockerfellow is a graduate of the Whitewater Normal school.

GRAIN CROPS ARE ALL RIGHT

Outlook for Nebraska and Kansas Is Up to the Standard.

Omaha, Neb., April 30.—Complaints have come from the east to Omaha to the effect that certain persons are sending out reports from Nebraska and Kansas that the small grain crop is a failure.

A careful inquiry at all of the railroad offices running through Nebraska and Kansas having headquarters in Omaha as well as at the wholesale house, that keep closely informed, disproves the reports. Those in a position to know say that the grain outlook for Nebraska is up to the standard and that the reported lack of moisture is a myth. This is also true of the greater part of Kansas.

Quaker Clergyman Dead. Richmond, Ind., April 30.—The Rev. Menah Winford, one of the most widely known clergymen of the Quaker church, died at his home in Cortland.

LOOK FOR STORK'S VISIT AT THE WHITE HOUSE

President Roosevelt's Family Anticipating the Arrival of a New Stranger Some Time in October.

Washington, April 30.—Were this nation a monarchy or did it really affect imperial customs the prayers of the people would be requested publicly for the welfare of a traveler whose advent at the White house is expected in October.

Mrs. Roosevelt will remain in Washington until congress adjourns, which is expected to be not later than the end of June. She will go then to her home at Oyster Bay to remain during the summer. The preparations are made to welcome this little traveler, however, in the White house.

Among the numerous womanly accomplishments of the president's wife is that of being an exquisite needlewoman. All the dainty baby clothes of her five children have been fashioned by her deft fingers and even since coming to the White house she has found time and opportunity to make little garments for her loved ones.

Purchase Mexican Mines. Kansas City, April 30.—By a deal just closed here a New York syndicate secures two gold mines and a copper mine in Mexico, the property of Buenaventura Bucarra. The consideration, it is said, was \$500,000. The mines are the Cieneguita, the Cerrocoague and the Piedras Verdes.

BADGER MILLERS IN A STATE SOCIETY

H. E. McEachron of Milwaukee, Elected President—Will Fight for Lower Freight Rates.

Milwaukee, Wis., April 30.—The millers of the state have formed an organization in order to enter into closer relations with the national body. Fifty millers took part in a meeting held at the Plankinton yesterday.

The meeting was addressed by C. H. Challen of Chicago and W. N. Anderson of Milwaukee, who is the delegate from the state to the national body. At the afternoon session the following officers were elected:

President—H. E. McEachron, Milwaukee.

Vice President—J. P. Dousman, De Pere.

Secretary—C. H. Challen, Chicago.

Treasurer—Henry Mulberger, Wauwatosa.

Henry Mulberger and H. E. McEachron were selected as delegates to the national convention. The objects of the association were stated as, good fellowship and to furnish the backing necessary to the national federation in its fight for fair tariff and lower freight rates.

GEN. E. S. BRAGG IS NOT A CANDIDATE

Says He Is Out of Politics for Good—Col. Gabe Bouck Also Out of the Business.

Fond du Lac, Wis., April 30.—Gen. E. S. Bragg denies the report that he is to become a candidate for congress. He stated today that he knew nothing of the matter, and did not know how the report originated. "Do not ask me for my intentions in the matter," he said, "for I have no intentions. I have not thought about the matter at all. And then he added, "But I should like to be there for a little while today to answer some of the fellows who spoke yesterday."

Oshkosh, Wis., April 30.—It was reported that the boom of General E. S. Bragg of Fond du Lac for Democratic nominee for congress was launched by Col. Gabe Bouck of this city. A reporter called upon Col. Bouck and asked him if the report were true. The colonel replied: "It is a lie. I had not heard of for that office until I saw the dispatch last night. I had nothing whatever to do with launching that boom or any other. I am not in that business any more."

SUBMARINE TORPEDO BOAT FULTON; MAKES TEN-MILE SAIL UNDER SEA

Remains Thirty Feet Beneath the Surface of the Ocean During a Long Run Down the Jersey Coast—Comes Up in Good Shape.

New York, April 30.—With not even the tips of the flagmast showing above the submarine torpedo boat Fulton slipped by Sandy Hook at 8 o'clock this morning on its way to Washington on the first ocean voyage ever made by a submarine vessel.

It was a remarkable performance for ten miles down the Jersey coast, the little ship-shaped boat cut through the water like a fish. It was the longest under-water trip the boat has made. A straggled man with the most telescopic vision could not have seen the slightest sign of the boat, except at the last, when the two flag masts were sticking up out of water to prove how perfectly Fulton could go at the speed and keep an even course down the coast was thirty feet beneath the surface most of the time.

It was just a bright when the

DEATH AND RUIN IN TRAIN WRECK

Four Dead and 23 Hurt in a Santa Fe Road Accident.

RAILS ARE SPREAD

Cars Thrown from a Curve, and Literally Smashed Into Kindling Wood.

RELIEF IS SENT OUT

Keokuk, Ia., April 30.—Four persons were killed and twenty-three were injured, eight seriously, in the wrecking of the California limited on the Santa Fe road near Medill, Mo., twenty miles southwest of here.

The accident is supposed to have been caused by spreading of the rails as the train was rounding a curve.

Three cars were thrown into the ditch, forming a great heap of broken timbers and twisted metal in which were pinned suffering travelers to the number of nearly thirty. The dead: Rufus Buster, C. C. Fairbanks, 5-year-old son of Henry C. Gates, I. Werthelmer.

The following injured are in the hospital at Fort Madison:

O. F. Griffin, Hills, Emil Eitel, Tenney S. French, W. W. Thomas, J. F. Davis, William H. Thompson, W. J. Runkle, Henry C. Gates, Mrs. Henry C. Gates, daughter of Mrs. Gates, Miss Johanna Platner, George Weeks, Charles Markell, Max Heinrich, Charles Sargent.

The others injured continued on their journey. The dead were taken to Fort Madison.

The train was over an hour late. It ran through Wyconda at the rate of sixty miles an hour, and is said to have been going at about the same speed when it struck a curve near Cana Switch.

The smoker, dining car and forward bore the brunt of the fall, and in these most of the casualties occurred. The two cars were smashed into kindling wood.

The trainmen, assisted by unhurt passengers and neighboring farmers, at once set to work trying to extricate the injured and the bodies of the dead. The conductor went to a nearby farmhouse and telephoned to Fort Madison, from which place a relief train with physicians was sent out as quickly as possible.

Mr. Werthelmer, one of the killed, was accompanied by his wife and two children, and was on his way from Australia to Germany.

BELIEVE HER TO BE MRS. LUETGERT

Woman Under Arrest in Chicago Pronounced by Experts To Be Ex-Sausage Maker's Wife.

Chicago, April 30.—Mrs. Mary Robins, who is believed by some to be Mrs. Adolph Luetgert, the supposed sausage maker, has been taken into custody. Attorney Lawrence Harmon, who defended Luetgert in his last trial, and other persons interested in the case, decided to hold the woman until a further investigation can be made.

Mr. Harmon summoned Prof. Eugene Redpath, Dr. Elmer E. Vaughn, Dr. Irish and other physicians to participate in an examination of the woman preliminary to taking action. She was kept in the "sweat box" for nearly two hours. She told any number of conflicting stories. When they had finished they were convinced the woman is Mrs. Luetgert more than ever.

Detective Blais also declared that he believed her to be Mrs. Luetgert.

AN OPEN MEETING OF TWILIGHT CLUB

THE TOPIC LAST NIGHT WAS "AN IDEAL JANESVILLE."

Great Dining Room and Parlors Were Prettily Decorated for the Last Meeting of the Season—T. S. Nolan Presided as Chairman—Those Who Spoke, and Their Topics.

The closing session of the Twilight club at the Hotel Myers last evening had "Ideal Janesville" for a topic and was an ideal meeting. The Twilight club has come to be one of the most popular organizations in the city. It was organized October 13, 1896, at the Hotel Myers and started with sixteen members and has grown in popularity until it now has 160 members which is its limit.

The principles of the club are no constitution, no by-laws, no formality, speak your thoughts freely, but sincerely; no dress suits, no treasurer, no assessments, respect every man's opinion, weigh carefully his arguments; eat, drink and be merry. For any speech members will not be questioned in any other place. Limit of speech ten minutes, appeal forcibly to the members and make it a most popular organization.

Since the formation of the club it has been the source of much good to Janesville. A great many important events in the history of the city have had their inception in the Twilight club, where open discussion has brought them squarely before the people.

The last meeting of the season was especially interesting not only on account of the topic, but because as has been the custom heretofore, it was ladies' night and their presence added great charm to the gathering.

The large dining room of the hotel never looked prettier than it did last evening. Covers were laid for three hundred and fourteen guests. There being five long tables the full length of the main dining room, one table running through the parlor and seats for sixty-four in the ordinary. There were not quite as many guests as were expected, about two hundred and fifty being present, so that the seats in the ordinary were not used. The shining glass, polished silverware and clean linen, together with the other decorations gave the room an appearance that will long be remembered by the guests.

The lighting of the room was one of the pleasing effects of the evening and was arranged by Supt. P. H. Korst of the Janesville Electric Co. In the center of each of the long tables was a beautiful electric stand lamp and other different colored lights were placed near either end. In the center of the room suspended from the ceiling was an electrical design, the work of Frank Volez, of the Fleury Dry Goods Co., representing "Twilight," it being a star and crescent. The crescent representing a half moon and was of a pale green and the star white, gave a pleasing effect.

At each plate was placed a pink carnation which gave a touch of color to the long white tables. When the guests were seated the room presented an animated picture of handsome gowned ladies and well-dressed gentlemen. Landlord Johnson and his wife had everything arranged so that all went off like clock-work. The heavy waitresses under the supervision of Miss Julia Pierce, looked after the wants of the guests and saw that all were served.

At eight o'clock the guests were all seated at the tables and spent an hour enjoying the good things prepared for them. During the banquet the orchestra from the School for the Blind discoursed sweet music and added largely to the pleasures of the evening. After the repast the gentlemen retired to the hotel lobby to smoke and the ladies to the parlors for a social chat, while the tables were being cleared and the room arranged for the speakers.

At 9:30 Thomas S. Nolan, the leader for the evening caused the assemblage to order and in a few pleasing words referred to the pleasures it gave the club to have the ladies with them at this time to grace the closing session. In a few well turned sentences he introduced Rev. Richard M. Vaughn, the first speaker of the evening whose topic was influence of Ladies on Municipal Adornment. Rev. Vaughn is a pleasing speaker and turned the time allotted to him to a good purpose. Ladies are a municipal adornment with which nothing could compare and their influence was felt in everything that was done to beautify their homes and city. Women's clubs had a wonderful influence on the community and were a benefit to any city. He urged the cleaning out of tumble down buildings and that the displays on some of the public bill boards were disgraceful for any woman to look upon.

Edwin C. Bailey gave a pleasing talk on Lawns and Yards. He showed clearly how the expenditure of a few dollars would brighten the appearance of any yard and add strongly to the handsome appearance of the city. He gave an interesting and instructive description of how to beautify a lawn. A uniform movement is needed to make the lawns throughout the city a pride to the citizens.

The gem of the evening was Miss Elizabeth M. Abbott's vocal number, "Mighty Lak a Rose," her rich voice filled every corner of the room and was so pleasing to the audience that she was obliged to respond to an encore to satisfy the gathering. H. F. Bliss, took up the question of Between the East and West Sides. He did not dwell long on the beauties of the river where it runs through the city, but took time to say a word against the people who are choking the channel with ashes and rubbish. The unfriendly rivalry that has existed in times gone by between the two sides of the river had subsided and a friendly feeling had taken its place. He considered a river in the center of the town a detriment

to it. The river should run around the city.

Sanitary Precautions was the topic handled by Mayor Victor P. Richardson and Dr. S. B. Buckmaster. Mayor Richardson defended the sewerage plans now before the council and backed up his statements with the reports of several well-known sanitary engineers. He thought the reports of the injury to the health of the city, that emptying sewerage into the river would do was much exaggerated.

Dr. S. B. Buckmaster was the second speaker on this topic. He stated that every city that put in a sewerage system, enters upon an era of experiment. Local conditions have a great deal to do with governing the three dangers, which arise from sewerage. The dangers are contagion from disease germs, decomposition from refuse dumped near property, and the contamination of the water supply. Fortunately in Janesville the water supply is not drawn from the river and none of the towns below us get their supply from the river. The sewerage from a sanitary standpoint, should be emptied into the river below Monterey dam. He stated a number of instances where epidemics in cities that took their water supply from the river had been traced to sources miles away. He also stated a number of legal objections to the proposed plan of emptying the sewerage directly into the river between the dams, and that the Supreme Court held that unlawful.

The vocal selection by Bostwicks quartette made-up of events happening in the city was an amusing number and they were obliged to respond to two encores. The members of the quartette were R. M. Bostwick, A. E. Bingham, W. S. Jeffris and Fred Capello. George S. Parker told a number of good things about Ideal Breathing Places. To his notion the parks of the city were not kept up as they should be and suggested that he citizens take the matter in hand. He suggested that a committee consisting of the Rev. R. M. Vaughn, W. P. Sayles and Mrs. W. G. Wheeler be appointed to look into the matter and his suggestion was ratified by the gathering.

Other Cities, fell to D. D. Mayne, the founder of the club, who came down from Madison to attend the meeting. Mr. Mayne in handling this topic, stated that since he had been away he had realized what a chance for improvement Janesville had at a small cost. He stated that several cities considered among the foremost in the country had no better advantages than Janesville only that they had improved their chances.

Rev. Robert C. Denison was unable on account of sickness to show any pictures. He gave an interesting talk on the way the river was abused by the citizens and how things were neglected from an artistic standpoint. He thought it would be a good plan for the council to appoint a river committee to look after its improvement. At the suggestion of Judge Fiffeld a vote of thanks was tendered the Janesville Electric Co., and the New Gas Light Co., for their illumination and the loan of the handsome fixtures.

The evening's program and the sixth season of the club was brought to a close with a selection by the boys from the school for the Blind.

FOREVER SIXTY YEARS.
Be sure and use that old and well-tried remedy, Mrs. Winkler's Sorethroat Syrup, for children, for it cures the child, and the cure always all pain, cures wind colic and is the best remedy for diarrhoea. 25c a bottle.

Builds up the system, puts pure, rich blood in the veins; makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

"I suffered for months from sore throat. Eclectic Oil cured me in twenty-four hours." M. S. Gist, Havesville, Ky.

No matter how long you have had the cough; if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

Delavan Lake Assembly.

The management of the Delavan Lake Assembly in planning and arranging for the fifth season have done well.

The array of talent selected thus far (and the program is nearly complete) is decidedly good, and will more than favorably stand the test of comparison with any similar organizations of the country. The twelve day season, commencing July 30 and ending August 10, will be literally crowded with good things, and presents a very strong program of lecturers, entertainers, musicians, artists, and instructors, embracing the very best engaged in such work and so varied as to profitably entertain and please all who attend.

On the opening day, July 30th, Miss Ellen M. Stone, the renowned missionary, will relate her thrilling experience while in the hands of the bandits. To see and hear a woman who has been in the thought and prayers of the people of the whole world is a great privilege and it is confidently expected that the attendance on that day will be the largest in the history of the Assembly, taxing the great auditorium to its utmost capacity.

The Assembly program will be ready for issue about June 1st, when it may be had on application to W. G. Weeks, Secy., Delavan, Wis.

An Up-to-Date Show

The "Uncle Josh Sprucey" Co., which comes to the Myers Grand tomorrow night, while old in title is a twentieth century attraction in every respect. They lay has been rewritten and added to. The specialties are all new and catchy. All new scenery is used and many startling mechanical effects are introduced, including the sensational saw mill scene the most realistic piece of stage craft ever attempted. Included

in the 35 people carried for this production is a splendid orchestra of 12 soloists which add immensely to the show and a program of high-class and popular music is one of the features. Two big bands are used in the street parade given at noon.

The Elks' Benefit
No society play of the past decade has proven so entertaining and dramatically strong as Rose Coghlan's "Forget Me Not," which will be seen at the Myers Grand at the Elks' benefit on May 16, with Rose Coghlan as Stephanie de-Mohrville, a role possessing every requirement from airy comedy to passionate declamatory emotional scenes necessary to display the wonderful talent of America's greatest actress in parts of this class.

CROP CONDITIONS ARE VERY GOOD

Weather Bureau's Bulletin Shows the Season is Well Advanced—Rains Were Beneficial.

The weekly crop bulletin, issued yesterday noon from the offices of the Milwaukee weather bureau shows that conditions throughout the state have changed materially since the rainfall of last week. The season is generally considered as far advanced as usual at this date, and with the soil well stored with moisture only warm weather is needed to cause a rapid growth.

In the northern section the small grain seeding is nearly finished, but farmers report the ground as yet very cold. From the middle section comes the report that while vegetation is backward, it will improve with warm weather after the much needed rains. In Southern Wisconsin the farm work is about two weeks in advance of last season. Small grain is coming up nicely and old meadows and pastures are beginning to start.

It fills the arteries with rich, red blood, makes new flesh, makes sick people well. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy.

Close of St. Mary's Bazaar

A large crowd attended the last evening of the bazaar at St. Mary's church last night. Smith's orchestra was present and rendered several fine selections. The remaining articles were raffled off and nearly everything in the booths was sold, making the bazaar a decided success and those who attended the bazaar since it opened some ten days ago, feel that it has contributed in no small way toward the building fund of one of the most beautiful sacred edifices in the state.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

Karl's Clover Root Tea purifies the Blood

BELOIT CARPENTERS WILL HAVE STRIKE

Fifteen Contractors Refuse the Demands of 150 Men, and a General Tie-Up Expected.

Beloit, April 30.—(Special)—The building contractor association of this city met last night and decided not to agree to the demands of the carpenter's union. The men will therefore strike tomorrow noon. One hundred and fifty carpenters and fifteen contractors are involved. Other trades unions may endorse the strike and it seems probable that all building operations will be tied up.

Beloit, Wis., April 30.—The college base ball team will meet either Wisconsin or Illinois at Janesville on June 14, the day of the Mystic Worker's picnic.

The Beloit Ladies' quartette has been engaged to sing at the Delavan Assembly this year.

Rev. Father Harney, a Paulist father from New York, is this week delivering a series of lectures to non-Catholics at St. Thomas church. Questions concerning the history and policy of the Roman-Catholic church are answered. Great crowds are attending each evening.

The Ladies of the Baptist church are to a handkerchiefazaar two evenings this week. Among the highly prized kerchiefs, is one, a gift from Mrs. Theodore Roosevelt.

Messrs. J. O. Green and H. F. Martin, two Whitewater men, are just completing in a Beloit machine shop, two machines, which if successful in their purpose, are destined to revolutionize the fuel question of the world. They are for making peat coal out of peat, and the inventors are confident of the success of their idea.

Burton H. and George A. Clement, brothers of this city, have invented a repeating rifle, embodying all the specifications set forth by the government as most desirable and which have hitherto been lacking. Experts who have seen the model, pronounce it a very valuable invention. The brothers will seek to have the government subject the gun to a test, with a view to its adoption in the United States army.

Three butchers and three shoe dealers are victims of a forger, who has operated at Madison and Baraboo. The butchers cashed checks for \$3.75 each and the shoe dealers for \$14.25. All were drawn on the Beloit State bank, and signed Beloit Lumber company, per W. L. Thompson manager. In spite of the fact that Mr. Thompson's initials were transposed and that he used an exclusive design on his check the money was paid two days before the cheat was discovered.

The Central Wisconsin Medical association held its semi-annual meeting here yesterday, fifty doctors being present. The visitors were guests of Drs. Bennett and McCabe at a banquet in the afternoon.

Maynard Dietrick and Agnes Dorr and Earl H. Crapen and Alice Abbott were married yesterday.

Drings attractiveness to listless, unlovable girls, making them handsome, marriageable women. That's what Rocky Mountain Tea will do. 35c. Smith's Pharmacy.

WOOD'S PILLS

House the for old liver, and cure biliousness, sick headache, jaundice, nausea, indigestion, etc. They are the valuable to prevent a cold or break up a fever. Mild, gentle, certain, they are worthy your confidence. Purely vegetable, they can be taken by children or delicate women. Price, 25c. at all medicine dealers or by mail of C. I. Hoeb & Co., Lowell, Mass.

Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 36 Warren Street, New York

WEATHER FORECAST.
Generally fair tonight. Thursday slight change temperature.

PORTO RICO

In the first eight months under free trade we have more than doubled our sales of iron and steel manufactures to Porto Rico, nearly trebled our sales of wood manufactures, quadrupled our sales of beans and peas, sold more than three times as many boots and shoes, and nearly doubled our sales of dairy products, and this is only the beginning.

Our annual trade of \$2,000,000 under Spanish rule has been increased to \$10,000,000 with Porto Rico as a part of our political and commercial system. Cuba is as much a part of the American trade system as Porto Rico, and under fair trade relations may become a better market for our products than Porto Rico. We control the market in Porto Rico, selling the people four-fifths of all they buy. We may do the same for Cuba, and yet Congress is striving to close the gate of this splendid opportunity opened to us.—Chicago Inter Ocean.

It is interesting to note the rapid advancement that is being made in Porto Rico, under the stimulus of close and friendly relations with the United States. The island is rapidly becoming civilized and with the spirit of freedom, which prevails, new life is inspired. The inter Ocean sizes the situation up correctly regarding Cuba. Aside from any sentiment that may attach, on the grounds of common justice and humanity, the island of Cuba, from a business standpoint is well worth considering. The climate and soil are inviting, and the land has never produced more than a fraction of what it is capable.

The time will come when Cuba will be a part of our possessions, and that time may not be so far distant. When the island is open to immigration, it will be occupied by American capital and enterprise, and development will speedily follow. There is neither good sense nor good judgment in arbitrary measures, and the most friendly trade relations should be established. The market, that may be made so profitable, is at our door and easy of access. It should be cultivated intelligently.

CAPTAIN CLARK

Captain Clark, the man who took the Oregon around the horn, on her 16,000 mile voyage, is the subject of a good deal of comment these days, because he declined an appointment to the Coronation, as a representative of the American navy. Captain Clark is a modest man, possessed of good common sense and not looking for honors of the coronation class. He gives as a very sensible reason for declining, the fact that he can not afford the luxury of that kind of a holiday.

If the United States wants to send him as a representative, she can not do less than pay his expenses. The men who command our battle ships are not millionaires. They represent a type of American citizen, noted for courage, endurance, and have common sense. Faithfulness to duty is their motto, and while some of them have been brought prominently before the nation, and more or less annoyance has resulted, because of a desire to hold them up as heroes, they are not seeking this class of honors.

Captain Clark is intelligent and competent to represent the navy at the coronation, but there is no reason why he or any other representative sent out by the government, should go at private expense. If it is necessary to have the navy represented, the government should pay the expenses. Captain Clark is right in his position.

RELIABLE INFORMATION.

The Treasury Bureau of Statistics at Washington sends out some very interesting reports on the latest deals with live stock and cereals for three months ending March 31, 1902, as compared with the same period last year. Eight leading wheat markets show a gain of 15,000,000 bushels, the entire receipts being close to 200,000,000 bushels. In live stock a gain of 200,000 head is recorded, but the gain is due entirely to young stock marketed ahead of time, to meet urgent demand.

Kansas City, ranking next to Chicago, shows a decrease of 30 per cent, and this is very significant. The herds on western ranches have been depleted, on account of drought, and high priced feed. This will account in a measure for the high prices of beef.

Kansas itself is a great grazing state, and it is difficult for people not familiar with it, to realize what this industry means to the farmers. While the state has gone crazy on fads, and the people have been busy, and the broad prairies are subdued and turned to account. Herds of cattle on every hand are as common as corn fields in Illinois, or wheat fields in Dakota.

Some of the farmers own large tracts of land, and go into the business of stock raising extensively. One man, a banker in a little town

in the western part of the state, owns 5000 acres, within a few miles of the town. His stock ranch is carried on just as systematically as his bank and he turned off \$167,000 worth of cattle last year. It is a poor farmer who doesn't ship half a dozen cars a year.

THE CITY HALL.

The report of the finance committee, at the last meeting of the common council, shows that over \$5,000 for extras on the new city hall building has already been spent, and another item of \$4000 is demanded. At this rate it is safe to say that the building when completed will cost nearer \$60,000, than \$42,000, the contract price. The improvements will doubtless add to the value of the building, but that sort of financing, on the part of any other class of agents, would be severely criticized. In fact the representatives of a private corporation or individual, who would estimate the cost of a building at \$40,000, and then spend from 40 to 50 per cent. more without consultation or authority, would find themselves out of a job in short order.

It is so easy to spend public money, that it goes like water. A \$40,000 building is ample for the city of Janesville, and there is no good reason why more than that amount should be spent. The tax payers will be needlessly burdened and no one benefited. The people will wake up to the fact after awhile, that the common council should be composed of men, who are as careful of public as private interests, and not until then will the city enjoy an economical administration.

Time does not appear to soften conditions for Mr. Dahle. He appears to realize that he has been betrayed in the house of his friends. That is the greatest disappointment that comes to any man, and Mr. Dahle and his friends appreciate it, and will not be slow to resent it.

The color line at Los Angeles will be one of the leading questions. A straw vote taken on one of the trains revealed the fact that every woman was an orator on the subject and they all wanted to talk at the same time. It looks as though the colored contingent would have to "go way back and sit down."

The Madison Journal in attempting to hold a hand in the game of politics, has discovered that it is more uncertain than a game of poker. When the paper says by inference that the Dane County congressman is not a man of distinction, it is time to call for a new deal.

In the death of Sol Smith Russell, the American stage has lost one of its brightest stars. Mr. Russell belonged in a sense to the West, and was a general favorite throughout Wisconsin. He combined with rare genius, a genial kindly disposition that won for him a host of friends who will sincerely mourn his death.

One lone man and 500 women occupied a Pullman train for California the other day. He was the busiest man in seven states.

The Primary law in St. Paul is pronounced a failure and Wisconsin is advised to go slow.

Madam Calve don't like our climate, but she has a wholesome respect for American money.

PRESS COMMENT.

Milwaukee Sentinel: One senator calls General Chaffee "a dastardly villain." Another senator says Funston has the "jawbone of an ass." There seems to be need of a rule as to the interchange of compliments between army and senate that will work both ways.

Racine Journal: Let the machine talk of the supporters of the governor. Governor Scofield had an experience of one hostile machine in his own party and no more are wanted of that sort.

Appleton Crescent: "We have no use for Spooner," is the whispered remark of the governor's adherents. This means they have no use for any man his excellency cannot use, does it?

Watertown Times: Isaac Stephenson is reported to have put a whole lot of money into newspapers which have been working for Gov. LaFollette. Mr. Stephenson desires the defeat of John C. Spooner more than any other one thing. Does anybody suppose he would allow LaFollette to endorse Spooner, even if the latter so desired, which he does not, for he dislikes Spooner.

Leader, Binghamton, N. Y. The advantages of the proposed Post Check system are so clearly apparent that there ought to be no hesitation on the part of Congress in adopting it. The Post Check is undoubtedly the very best thing that has ever been proposed in this line, and it is difficult to see how it could be improved.

Baraboo News: The Madison Journal. Gov. LaFollette's home organ, comes out into the open and admits that Herman Dahle must go. Dahle is a representative of the Norwegian race and has been in congress two terms. He has always been a LaFollette man and without his aid the Governor never could have carried Dane county in 1896 and 1898. Mr. Dahle and his people will resist to the utmost the attempt of Gov. LaFollette to set him aside.

Inter Ocean, Chicago, Ill. The new Post Check. Currency system would not necessarily supersede the present money order system but it would supplement it.

Under the present system a farmer desiring to send money must take time to visit the nearest town where there is a money-order office, or bank. Under the new system he would simply sign his bill for the required amount, inclose them in a letter, and mail it at the nearest postoffice or rural delivery box. No objection has been raised to the system by any financial expert or business establishment.

Country and State Newspapers. It is a common mistake to suppose that the difference between the city and the country newspaper is simply the difference of size—circulation, frequency of issue or even environment. It is a difference of purpose, methods, character. The two have little in common save that both are printed on white paper with black ink and are sold at so much a copy. The city newspaper, with the passing of great editors, has become a machine owned by a corporation, each employe a cog on the wheel, the whole adjusted to the highest money producing capacity. The country newspaper is an individual with an individual's heart and brain and conscience. Its editor is usually its owner and the influence of the counting-room upon editorial policy is minimized.—Missouri Editor.

The Point in View. Every driver, be it of surface car, express wagon, or bicycle, says that the person who runs the greatest danger of being run over is the one who, instead of crossing the street in a straightforward way, hesitates and runs backward and forward. It is absolutely impossible to grasp what he intends to do. Advertisements are much the same as pedestrians. Those going straight to the point, in simple, straightforward language, are understood. Many ads remind one of those whom drivers fear.—Our Wedge.

Advertising Aphorisms. An advertisement continues to get its work in until the last copy of the paper containing it is destroyed. The energy and enterprise, of a business man may be measured by his advertising. If he be timid, utilize the power of the press; but on the contrary, if he be a man of nerve, purpose, energy and push he avails himself every legitimate means to advertise his business. Name the successful and opulent business men of the country and you repeat the names of those who have advertised freely.—Montclair (N. J.) Herald.

Some Completed Proverbs. "What costs nothing is worth nothing," which is also true of much which costs much.

"True love never grows old," it is usually killed by its mother in infancy.

"Beware of the Widdler," but still more of the ingenuer. "Opportunity knocks once at every man's door," but often makes sure the man is out before knocking.

"Everything comes to the man who waits," except that for which he waits.

"Man's great strength is shown in standing still," and letting others hustle for him.

"The exception proves the rule," we want it to prove.

"Virtue is its own" and only "reward."—L. de V. Matthewman in the May Era.

The Bitter End. As things look at present the re-election of John C. Spooner to the United States senate is settled beyond all peradventures. The President has frankly and openly stated that it was his wish that Senator Spooner should be returned, as his presence in the senate was indispensable, and no one will feel inclined to dispute the assertion. It would be well for the Republican party if the Governorship could be decided as easily, but that seems impossible. It must go to the convention. There is absolutely no change in the situation. Each day produces startling rumors, but there is nothing in them. It will be Whitehead vs. LaFollette from now to the bitter end.—Eau Claire Leader.

MILITARY EUCHERE; SOCIAL FUNCTION

Unique and Happy Event at the Home of Mr. A. M., and Miss Mae Valentine, This Afternoon.

One of the most unique, happily planned and successfully carried out social functions held in this city for some time was the "Military Euchere" party given by the local Kemper Hall association at the home of Mr. A. M. Valentine and Miss Mae Valentine, 157 Park Place this afternoon. The prevailing colors were red, white and blue, these colors being everywhere prominent.

As one approaches the house the eye is greeted with a generous display of our country's flags hung on the outer walls. The spacious hall, reception room, parlors and dining room were generously and tastefully decorated and festooned with tri-colored bunting and dozens of the emblems of freedom, among which were several very handsome silk flags. The portiers and curtains were of the national colors and the military aspect was carried out in several stacks of military rifles. Each of the fifteen card tables had a tiny fort named after some prominent fort, such as Scott, Sheridan, Snelling, etc.

The reception committee of seven young ladies were handsomely clad in red, white and blue and as each guest arrived and paid her fifty cents, she was given a score card with the name of some fort thereon and she found the table to compare with her card. The score cards were ornamented with tri-colored ribbons. After the card party and the refreshments were served with ice cream colored red, white and blue. The prizes were donated by friends of the association and the receipts from the party will go toward an endowment fund for the association.

ONLY THREE CASES OF THE SMALL POX

Dr. Edden Keeping Strict Watch to Prevent the Spread of the Dread Disease.

Health Officer Dr. R. W. Edden is authority for the statement that at present there are but three cases of smallpox in the city and these cases have been quarantined. One of them is in the family of W. J. Hall on Milton avenue the other in the Schultz family on Western avenue and the third is a domestic that was employed in the Hall family.

Louise Randall, who conducts a little store on South Main street below the Kent block is not affected with smallpox as was stated but has the scarlet fever. A strict quarantine has been maintained at her store and she has so far recovered that the quarantine will be removed in a day or two. Dr. Edden states that two of the cases of smallpox were quarantined by him before they were reported by the attending physician. There is a law governing cases of this character and every physician that fails to report a contagious disease of this kind as soon as it is discovered by him is liable to a fine.

DISSOLUTION NOTICE

The Janesville Dental Parlors, conducted by Holsapple & Wells, has dissolved by mutual consent and the business will be conducted at the old stand by Dr. Holsapple, who will assume all obligations and collect all debts.

Dr. Wells has opened a new office at rooms 401-402 Jackson building. IRA M. HOLSAPPLE, J. NORTON WELLS.

Kent-Hofreiter Wedding
Married: At Sunbright, the home of Mr. and Mrs. J. T. Sherman, De Funiat Springs, Fla., April 25th, the Rev. W. M. Craman officiating, Miss Nettie Mae Kent, daughter of Mr. and Mrs. E. J. Kent, of Janesville, Wis., and Mr. Harmon F. Hofreiter, of De Funiat.

As the family are about to return to Wisconsin only a few guests were invited to the quiet wedding. The bride who has been two winters with the family as teacher, has endeared herself to them by her many good qualities and pleasant ways.

The bride looked very lovely in her pretty white gown with orange blossoms and white roses. The ceremony was at 7 o'clock. After congratulations and refreshments the bride donned a very pretty blue linen traveling dress and left on the 8:15 train for a trip down the coast.

After May 5th they will be at home at Sunbright for the summer.

CITY NEWS IN BRIEF

The King's Daughters of the Baptist church will meet in the church parlors tomorrow afternoon at 2 o'clock.

The Uncle Josh Spruceby company appear at the Myers Grand tomorrow evening. This company is first class in every respect, and carry a car of scenery. Watch for the big street parade.

Regular monthly business meeting of the Y. P. S. C. E. of the Presbyterian church will be held in the church parlors Thursday evening after prayer meeting. Election of officers. All active members requested to be present.

The funeral of the late Adam Kershaw was held from 9:30 o'clock this morning, the Rev. Joseph Smith officiating. The interment was in Mount Olivet cemetery.

Henry A. Gragan transacted business in Madison today for Thoroughgood & Co.

Baraboo News: And now congressman Dahle is convinced, LaFollette has sacrificed another friend to further his political ambitions. The Norwegians will not forget.

Mr. Crane may have to change his name to Derrick in order to lift the Oshkosh postoffice.—Oshkosh Northwestern.

The annual meeting of the Y. M. C. A. called for last evening was adjourned subject to the call of the president, as many of the members desired to attend the meeting of the Twilight club.

Each stopping place will be a country of renown during the trip "Around the World." The entire trip costs 50c. and carryalls will take you to the different nations starting from the Y. M. C. A. building at 2 o'clock in the afternoon.

A fire in one of the pickers of the Rock River Cotton Co's plant called the fire department out about 4 o'clock yesterday afternoon. The company used their own hose, however and luckily extinguished the blaze before the department arrived.

F. Schmelz of Bloomington, Ill., manager of the original Star Bloomer Girl's base ball team, was in town last evening conferring with Cornelius McGinnley, regarding a game in Janesville, but the deal was no going to the price asked for the ball grounds.

One insertion of a "tent for sale" classified ad in The Gazette resulted in fourteen answers by mail and any number of inquiries by telephone.

Many people are daily watching the "For Rent" column of The Gazette. If you have a vacant house to rent let the public know it.

Kyle Morris, of the firm of Morris & Hilton, architects, leaves next Thursday for St. Louis, where he has secured a position as assistant superintendent of construction. He will be employed on the work for about two years. During his residence in this city, Mr. Morris has made many friends who will extend congratulations on his securing so desirable a place.

JOHN PETERS GOT THE MAIN CONTRACT

Janesville Builder Will Put Up the Big Structure for the Cement Post Co.

A meeting of the promoters of the American Cement Post Co., was held in Chicago on yesterday afternoon for the purpose of awarding the contracts for the erection of the works, on the Paul farm in Spring Brook. The contract for the erection of 600 feet of the storage buildings and the main building 164 by 87 were awarded to John Peters of this city. The plans for the other storage buildings will need some alterations and the contract for doing the work will be awarded later.

The machines for the drying and crushing plant will be furnished by F. D. Cummer & Sons Co., of Cleveland, O., who have the contract for the work. The machines cost in the neighborhood of \$5,000, and have a capacity of fifteen tons of gravel per hour.

The work on the new plant will be started at once. H. H. Jackson and Engineer Potter went down to the factory site this afternoon and laid out the building. The Chicago, Milwaukee and St. Paul railroad will start laying tracks to the ground at once so as to get the supplies down to the factory before the building is started.

Mr. Peters expects to go at the building at once and will start the grading and foundation as soon as Mr. Jackson and Engineer Potter get the stakes set.

SIDE TRACK TO THE CEMENT POST PLANT

Will Be a Half Mile Long, and Cost Several Thousand Dollars—Course Taken.

The C. M. & St. P. R. R. has purchased the material for and in a few days will begin the new side track to the proposed plant of the American Cement Post Co., on the Paul farm, southeast of Buoh's brewery. The side track leaves the main line of the Janesville & Southeastern branch of the C. M. & St. P. R. R. near the southwestern corner of Athletic park. Bearing northeasterly it follows along the west side of Pliny avenue, crosses Eastern avenue and continues on the west side of Main street, crossing the latter street about midway between Eastern avenue and Buoh's brewery. Here the track curves to the northeast and alongside the Cement Post Co's buildings which are just south of the sand hills near the brewery.

The side track will be about a half mile long and will cost several thousands of dollars to construct, owing to the all of nearly twenty feet necessary near the park.

A bridge will have to be built over Spring Brook and the street crossed in two places. Farmers coming to town over the Emerald Grove road will have another railroad to cross.

The fact that the railway will build a sidetrack half a mile long would lead to the belief that the railway considers the Cement Post Co. a good thing and liable to do a great deal of shipping.

POLICE AND FIRE COMMISSION MEET

Officers for the Ensuing Year Elected, and Routine Business of a Detailed Nature Transacted.

The members of the board of police and fire commissioners held their annual meeting this morning at the office of T. S. Nolan for the purpose of selecting officers for the ensuing year and the transaction of general business. The full board of commissioners was present and elected T. S. Nolan president and C. P. McLean secretary. The application of John Brown for a ninety days' leave of absence was granted and on recommendation of Chief of Police Hogan Patrick Fanning was appointed to fill the vacancy.

Mr. Fanning has been employed by the city for some time as engineer on the steam roller and has shown himself to be a faithful employee. He has the size and courage which are necessary requisites in an officer and will no doubt be able to fill the place to the satisfaction of the people.

Officer Brown has been under the weather of late and a vacation will do him much good. He has always been a faithful officer and is deserving of a lay-off. He is interested with I. F. Connors, in some street contracts and will spend his vacation in superintending the work.

The board of police and fire commissioners will hereafter hold regular meetings on the fourth Tuesday in each month.

Russell-Sennett Wedding
At 8:30 o'clock this morning the Rev. Father McGinnity spoke the words that united in the bonds of matrimony Mr. Wm. Russell and Miss Emma Sennett, both of this city. They were attended by Miss May Winters, a niece of the bride, while Mr. John Foster acted as best man. Both young people are well known in this city. The groom is in the employ of the Colvin Baking Co., and is highly respected by all who know him.

Mr. and Mrs. Russell departed on the 12:45 train for Oshkosh where they will visit relatives and friends for a few days. Their many friends wish them a long journey through life.

James Sykes Dead
Mr. James Sykes died at the home of his daughter, Mrs. Ed. Capell, of Spring Valley on April 29. The funeral will be held at the house at 9 o'clock tomorrow morning and the remains will arrive in Janesville between one and two o'clock in the afternoon for interment.

NEWS OF A PERSONAL NATURE

J. B. Foster, of Beloit, was in town yesterday.

Wm. A. Kennedy went to Edgerton this morning.

J. M. Bostwick went to Chicago this morning.

Perry M. Webster is down from Ft. Atkinson today.

Supervisor A. C. Powers, of Beloit, was in town today.

S. B. Hedges departed this noon on a business trip to Madison.

A. C. Thorpe transacted business in Oshkosh today.

Miss Blanche Sweeney went to Chicago this morning.

Calvin S. Crow of Beloit is renewing acquaintances in this city his former home.

H. L. Skavlem and George W. Wisc departed on the morning train for Stoughton and Lake Kegonsa.

W. P. Strause, of Madison, state agent for the American Cigar Co., was in town yesterday.

Mr. Cohen, representing the New York leaf tobacco firm of Julius Marquis & Son, was in town today.

George D. Simpson, Fred Taggart and C. E. Cummings visited Beloit today to inspect the numerous improvements.

There is much rejoicing at the home of Mr. and Mrs. Albert Knuth, because of the advent of a healthy 9 pound baby this morning.

State Veterinarian E. D. Roberts left this morning for Madison and Oconomowoc on a pleasure trip.

H. W. Brown and O. D. Lincoln have returned from Plattville where they went to examine a stock of shoes.

Dr. Frank Vankirk of Chicago returned home this morning after having spent several days with his parents, Mr. and Mrs. W. T. Vankirk.

Ex-Superintendent of Schools D. D. Mayne and wife of Madison attended the meeting of the twilight club last evening, returning at 12:15 at midnight.

Henry Sykes went to Brodhead this morning to attend the funeral of his father James Sykes, who died at his home in the town of Spring Valley yesterday.

Dr. J. B. Whiting, J. F. Pember, James Mills and M. A. Cunningham attended the banquet and meeting of the Central Wisconsin Medical association at Beloit yesterday afternoon and evening.

Play it Alone.

It seems Congressman Dahle will play it alone and has seceded from the LaFollette organization. There was every appearance of his having been cast off by the governor's adherents in favor of Leitch, and hereafter this congressman, the only one, it is claimed, in the delegation friendly to the governor, will contest for his renomination without any aid from him.—Racine Journal.

RAINS DID GOOD. IN ROCK COUNTY

All Small Grains Are Doing Nicely—Tobacco Plants Are Making a Rapid Growth.

The rains which have fallen during the past few days, have been of great value to Rock County, and in fact to the adjoining counties. To the farmers of Rock County the value cannot be estimated, but will reach hundreds of thousands of dollars. Reports indicate that all forms of vegetation are taking on new life and the outlook is very promising for this season of the year.

All small grains are doing nicely and, with the continuance of good weather, give promise of abundant yields. Rye, and oats are especially promising.

The meadows and pastures are as bright and fresh as it is possible for them to be, affording a good crop of hay and fairly good pastures for young stock. Owing to the lack of hay, many of the farmers turned out their young stock as soon as it was possible for them to get a nibble of grass.

During the past few days, tobacco plants have been making a very satisfactory growth and promise to be as early as the average season. In nearly every instance the plants are well above the ground.

Home Baking Unlike Any Other
Our own make, white whole wheat and Boston brown bread.

Large wine cookies, nothing like them, 10c dozen.

Big fried cakes, just right for richness, not too greasy, 10c. dozen.

Lemon pies, 10 inches in size, best you ever ate, 20c each.

Cream puffs, cup cakes, thumb shells, cranberry tarts, potato chips, angel food, devil's food, chocolate and orange cake made, purest and best that skill and money can do. Grubb

New York, April 12.—Archbishop Corrigan sowed a considerable improvement today.

S. C. Osgard of Oshkosh, was a Janesville visitor yesterday.

5 PER CENT. GOLD BONDS

SOLD ON INSTALLMENTS

A New order issued by

The Metropolitan Life.

OF NEW YORK.

One of the Largest Life Insurance Companies in the United States. Practically As Strong As the Government.

You would like to buy 5 per cent. Government Bonds and pay for them in ten, fifteen or twenty installments. Would you not? The Government does not issue 5 per cent. Bonds, nor can you buy its bonds on installments.

You can Purchase Metropolitan Bonds in that way and 5 per cent Bonds

at that

Again, in the event of your death at any time before you had completed these installments, even if ONE ANNUAL INSTALLMENT ONLY had been paid, the Bonds being assured by the Metropolitan Life would immediately be turned over to your estate and ALL UNPAID INSTALLMENTS CANCELLED.

The Metropolitan Life guarantees every \$1,000 Bond to be worth \$2,000 at time of maturity, ten, fifteen or twenty years. The coupons on the bonds are payable in GOLD, semi-annually, at the rate of 5 per cent, for twenty years, after which the bonds mature and be paid in GOLD. At the end of this time when desired, the Bonds can be computed for cash. The Bonds have cash and loan values. Interest at 5 per cent, and become automatically paid up. The Metropolitan wrote \$360,000,000.00 of new insurance last year, at the rate of over \$1,000,000.00 per day. For subscription blanks or further information apply to

MOST UP-TO-DATE TOBACCO FARM

Charles T. Heddles is Planning to
Grow About One Acre of Su-
matra Under Canvas.

Janesville is soon to have one of the most up-to-date tobacco farms in the West, and one run by a practical tobacco man, on the most practical plans known to modern tobacco culture.

Charles T. Heddles has purchased the nursery farm of the late Frank W. London, situated on Mineral Point Ave., near the western limits of the city. The farm contains 26 acres and is in a very fertile condition, owing to its having been used so many years as a nursery and truck garden.

The present owner, in company with his father, Stuart B. Heddles, have planned to make it a model tobacco farm.

They are planning to grow about one acre of tobacco from Sumatra seed under canvas this year. They procured some of the best Sumatra seed and now have a fine lot of plants well above the ground.

They are making estimates of the amount of material and the probable cost of the posts, wire and cloth necessary to grow one acre under canvas. The work of constructing the tent will begin in a few days.

HIGHER FIGURES ON BILLS OF FARE

Restaurant and Hotel Prices May Be
Advanced if Eatables Keep
on Soaring.

The outlook for restaurant and hotel keepers does not appear to be any brighter than ... as during the past two weeks. A number of them declare that it will not be possible for them to hold out more than a few days longer, when they will certainly be forced to raise prices.

It is not only beef that is giving them alarm, but everything else is just about as high in proportion as beef. Potatoes jumped up to \$1.15 a bushel yesterday, something never heard of before. Other food stuffs seem to be on the steady advance, and if this condition continues much longer, the hotels and restaurants too will certainly be compelled to change their price.

Besides an increased demand for staple vegetables, impetus has been given the fish market, and farinaceous foods are being bought to a far greater extent than in the corresponding season last year.

The increased demand for farinaceous foods, according to the grocers, has been 15 per cent. over that of the corresponding season of last year.

Potatoes and cabbage are selling in much larger quantities this season than usually, the price of meats undoubtedly being at least partly the explanation, while the fact that new beans at \$1.75 a bushel and peas at 90 cents per bushel box are cheaper than ordinarily causes an anticipation for heavy demand for these products while the price of meats continues to soar.

SUBMARINE BOAT EXPLOSION

Five Men Are Injured, One of Whom
May Be Fatally Hurt.

Philadelphia, April 30.—Five men were injured, one of them perhaps fatally, by an explosion on the submarine boat Fulton off Delaware breakwater. The Fulton was making an ocean trip from New York to Washington; and was forced to put into the breakwater. The injured are: Lieutenant Arthur MacArthur, U. S. N.; Lieutenant Oscar Kohlen, Austrian navy; C. B. Miner, Harry Moore, Charles Bectold. The explosion was caused by an accumulation of gas generated by the storage battery. Although the explosion was a violent one the vessel was only slightly injured.

To Transfer Dean.

Sioux City, Ia., April 30.—Very Rev. T. Treacy, for more than fourteen years pastor of St. Mary's Catholic parish and dean of the Catholic church in northwestern Iowa, is to be transferred by Bishop Garrigan to the deanery of the church at Carroll, Iowa. Dean Treacy is one of the best known Catholic priests in Iowa.

"If you wish to know what smartly dressed men will wear this season, ask us"

It is not Every Man

who can penetrate a "slick" finish and distinguish shoddy and slipshod tailoring in a suit, especially when accompanied by a smooth-tongued clerk. If you can't do it, don't "run chances;" they are generally costly when it comes to clothing. There is one make that you might safely choose from with your eyes shut; it bears this label:

"ZIEGLER"

and embraces all that is good in Fabrics and Tailoring. It costs a trifle more than ordinary ready-to-wear clothes but has

The Quality, Style, Fit and
Individuality of the highest
class custom-tailors products.

Think this over carefully and let your common sense guide you to this store, where you will now find a complete assortment of these famous Zeigler Wholesale-Tailored Clothes

**SUITS and
.....TOP COATS 15 to \$25**

And your money back for the asking.

T. J. ZIEGLER,

E. J. SMITH, Manager

Corner Main and Milwaukee Sts. - Janesville

THE WIDE AWAKE,
JANESVILLE, WISCONSIN.

Don't Forget --

The Old Reliable when you want Shoes or Oxfords. The store that always carried the largest stock and latest styles. Sold you Shoes that fit when you couldn't find it elsewhere and made prices right. Buying Direct from manufacturers gives us this advantage. When we say from manufacturers, it means direct from factories in the east, not from jobbers who handle short lines of manufacturers' goods. We have all sizes in Men's, Women's and Children's Shoes and New Opening The largest line of the latest Oxfords in the city.

Maynard Shoe Co.

One More "Janesville Beauty"--Stick Seat Bike Wagon

Our name guarantees the quality; besides that we are a home factory, and when you buy of us, you buy from the manufacturer. The best drivers, livery and professional men of Janesville, are among our customers.

Come and see us, it gives us pleasure to show you our line.

Plenty of Coal...

Some dealers have been unable to get the coal they need. We always have enough to supply the demand.

Just now we have a little more than usual, and would like to sell one or a dozen tons. Our coal is carefully handled, saving fuel and keeping your place clean.

We make prompt deliveries to all portions of the city. Just phone us.
